Short Description

Synthetic High-Performance Engine Oil for Passenger Cars

Beschreibung

FOSSER Mega GAS 5W-40 is a synthetic high-performance engine oil of SAE class 5W-40. Synthetic components combined with carefully selected innovative additives guarantee that the product meets the latest requirements. Thanks to the significantly improved engine oil quality, FOSSER Mega GAS 5W-40 offers further enhanced wear protection and keeps the engine perfectly clean, even at extended oil change intervals. The extremely low cold viscosity of the lubricant and its reliable high-temperature viscosity properties guarantee significant reduction in fuel consumption.

Einsatzhinweise:

FOSSER Mega GAS 5W-40 has been specially developed for gasoline engines, particularly for gas-powered (CNC/ LPG) cars. FOSSER Mega GAS 5W-40 prolongs the service life of the exhaust gas aftertreatment system and enhances its performance.
